Dear Rachel,

Welcome back. Attached is the letter regarding the State Lands Commission letter to EPA that I discussed with you and Thanne just before the Government shutdown. Please let me know if you have any questions about it.

Also, when we spoke you and Thanne indicated that EPA was prepared to share documents relating to its reconsideration of its prior GNL decisions, but those too got caught in the shutdown. I'm sure that you have piles have accumulated on your desk, but can you advise as to when EPA might now produce them? I understand from the Convening Neutral that the October 21 meeting has been postponed until sometime in November, but we will need some time to review those materials before the meeting. Thanks in advance.

All best,

Nico
